## Objective

---

Motivated and enthusiastic web development student with hands-on experience in building responsive and user-centric applications. Passionate about contributing to community-focused initiatives by leveraging technical expertise, creativity, and collaboration to drive innovation and meaningful connections.

## Education

---

### Bachelor of Technology in Computer Science

Parul University, Vadodara, Gujarat (06/2022 – 05/2026)

### 12th Grade

Gowtham Jr College, Badvel, Kadapa, Andhra Pradesh (06/2020 – 03/2022)

## Skills

---

### Technical Skills:

Programming Languages: Python, JavaScript, HTML, CSS

Frameworks & Libraries: React(basic), flask

Tools: SQL

### Core Competencies:

Problem-Solving

Data Structures and Algorithms

Collaboration and Teamwork

Analytical Thinking

## Projects

---

### Full Stack Music Website

Designed and implemented a responsive music streaming platform using HTML, CSS, JavaScript, and React.

Integrated features like a search bar, playlist creation, and custom audio player to enhance the user experience.

Collaborated with peers to ensure seamless functionality across devices.

## E-Learning Website (Full Stack - 50% work done)

Built a responsive e-learning website using HTML, CSS, JavaScript, and React (basic).

Included features like tutorials section with text and video, providing roadmaps, and integrating a chatbot for user interaction.

In the future, the platform will help students learn various technologies all in one place.

## Certifications

---

Python for Data Science

Full-Stack Development

## Languages

---

English: Fluent

Telugu: Native

Hindi: Intermediate

## Key Attributes

---

A team player who enjoys working with others to solve problems.

Creative thinker who is always looking to learn and grow.
